EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carl Brundidge on 11/22/2005.

Delete the term "or processed" in line 7 of claim 15.

Replace "Claim 15" in line 1 of the claims 17 and 18 with "Claim 16".

Examiner's Statement of Reasons for Allowance

Claims 1-7, 15-19 are allowed over prior art.

The following is an examiner's statement of reasons for the indication of allowable claimed subject matter.

None of the prior art teaches or fairly suggests a ciphered signed data obtained by merging a partial image with the first signed data of the original image using a second secret key where the partial image is part of the whole image as recited in independent claims 1, 7 and 15.

None of the prior art of record, either taken by itself or in any combination, would have anticipated or made obvious the invention of the present application at or before the time it was filed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
